Appendix to the Board Representation Letter of South Bank University Enterprises Ltd.: Definitions

Financial Statements

A complete set of financial statements comprises:

- a Balance Sheet as at the end of the period;
- a Statement of income and retained earnings for the period; and
- notes, comprising a summary of significant accounting policies and other explanatory information.

Material Matters

Certain representations in this letter are described as being limited to matters that are material.

FRS 102 states that:

Omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions of users taken on the basis of the financial statements. Materiality depends on the size and nature of the omission or misstatement judged in the surrounding circumstances. The size or nature of the item, or combination of both, could be the determining factor.

Fraud

Fraudulent financial reporting involves intentional misstatements including omissions of amounts or disclosures in financial statements to deceive financial statement users.

Misappropriation of assets involves the theft of an entity's assets. It is often accompanied by false or misleading records or documents in order to conceal the fact that the assets are missing or have been pledged without proper authorisation.

Error

An error is an unintentional misstatement in financial statements, including the omission of an amount or a disclosure.

Prior period errors are omissions from, and misstatements in, the entity's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that:

- a) was available when financial statements for those periods were authorised for issue; and
- b) could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements.

Such errors include the effects of mathematical mistakes, mistakes in applying accounting policies, oversights or misinterpretations of facts, and fraud.

Management

For the purposes of this letter, references to "management" should be read as "management and, where appropriate, those charged with governance".
