Executive Summary

Following the DfE governance review, a new governance structure has been approved by the SBA Board and shared with the DfE. The new changes include a scheme of delegation, remit and composition of the LGBs.

The SBA Board has decided to close the subcommittees and will be having link governors in place of that. It is proposed that the link governors will cover six specific areas namely:

- Safeguarding
- Pupil premium
- Special Educational Needs (SEN)
- Careers/ Employment engagement
- Curriculum
- Parent

The Chair of the LGBs will be appointing the link governors.

A link governor role involves the following tasks:

- Keeping up to date with that area, and attending relevant training
- Making focused visits to the school
- Acting as a link between a relevant staff member and the school advisory board (SAB), by meeting regularly to discuss the area

- Monitoring and discussing the impact of relevant policies with the staff member
- Regularly reporting to the SAB, and making recommendations where appropriate
